About Me

Enthusiastic developer exploring GenAI.

Tech Stack

Python, Flask, Streamlit, SQL, Git, HTML, CSS

Things I've Built

Resume Rewriter using GPT-4 | Python, Flask

- Flask app that calls the OpenAI API to rewrite resume bullet points in a more professional tone

Inventory Management API | Python, Django, PostgreSQL

- Developed REST APIs with Django REST Framework for stock tracking across 12 warehouses
- Wrote unit tests with pytest and added Celery jobs for nightly stock reconciliation

Academics

B.Tech Computer Science, Example Institute of Technology | 2022 – 2026 | CGPA 8.4
